with ISRA World Championship recently over, let's go back to the ISRA categories during the Czech Championship

The slot racing club in Pilsen with more than 50 years of history is predominantly focused on a work with kids and their categories in combination with ISRA categories racing. Our track, designed by renowned track builder Janis Nabokins, provides a great platform for racing of all scale categories and its "mirror" resemblance to the 2022 ISRA track makes it a great opportunity to commemorate these races.

The race is run as the second part of the **CZECH CHAMPIONSHIP** in the following categories - **Production 1/24, Eurosport 1/32, Formula 1 1/32 and Eurosport 1/24.**
